INTERNSHIPS

Edelman, Gurugram Intern- Public & Govt. Affairs Dept. *Apr '25 – June '25*

- Conducted research on state investment policies to identify 50+ FII clients in EV and semiconductors.
- Authored a strategic report on India's battery recycling, analysing regulatory frameworks and the circular economy.
- Synthesized investment data from summits like Davos to guide multinationals through India's regulatory landscape.

Insurance Australia Group Consultancy Intern *Sept '24 – Oct '24*

- Conducted global and NZ-specific market research on EV battery recycling, evaluating economic and environmental cost-efficiencies against traditional mining while assessing its impact on auto insurance and repair methodologies.

PROJECTS

Live Projects	**Fabricreate, Entrepreneurship Initiative** *Apr'19*
	Spearheaded a team of 10+ generating sales worth 30000 INR; Revamped and reused discarded fabric to make home-decor and utility products, providing a sustainable solution to the fast fashion problem.
Academic Research	**Media Trust's Impact on Political Satisfaction: India's Case**
	Earned an A+ for an R-based analysis of World Values Survey data (N=1,692), statistically validating that press confidence significantly drives India's political satisfaction. The research proved this complex relationship is mediated by perceived citizen agency and moderated by journalist corruption

POSITIONS OF RESPONSIBILITY
